# Korea To Get Yankee Airplanes, Ammunition

## 10 F-51s Going To Republic

### MacArthur Given Washington Orders

TOKYO, June 26 — American fighter planes, arms and ammunition were being readied today for immediate delivery to the republic of South Korea in its battle against Communist invaders from the north.

General Douglas MacArthur announced that Washington has authorized him to turn over to South Korea ten F-51 Mustang fighter planes as well as arms and ammunition.

The arms and munitions were being loaded at a secret port for speedy shipment to Korea. MacArthur declared that transport ships will be guarded by U. S. Navy warships and Air Force planes "to insure safe delivery."

The Allied commander announced that the Mustangs will be delivered to ten Korean fighter pilots at Itazuki air base on Kyushu, southernmost Japanese island, and the nearest airfield to Korea.

An American twin-engine transport flew to Korea today to pick up the South Korean airmen.

MacArthur's headquarters said that no air shipments of arms and ammunition have yet been sent to Korea. Headquarters was silent on the choice of a port for shipping munitions by surface craft.

HAVING RULED RECENTLY that a woman is "sole and complete boss" of the American home, Chicago Superior Judge Rudolph Desort practices what he preaches in his own kitchen. Here, the little woman is giving his honor a few orders as he does the dishes. His decision was rendered in a divorce action brought by Mrs. Mildred Lussow against her husband, Emil, who was told to let his wife run things or be held for contempt of court by the judge.

### CCC HOPES FOR BOOST

## Vital Farm Support Bill Facing Ballot In Senate

WASHINGTON, June 26—The Senate voted late today on an additional \$2 billion for farm support and on protection for domestic crops competing with imports.

A vote is on the controversial Magnuson-Morse rider, which the Senate attached to the measure boosting the Commodity Credit Corporation's borrowing power from \$4.75 billion to \$6.75 billion. The bill has been approved by the House and a House-Senate conference.

The rider would afford protection from unlimited imports of crops which are in surplus in the United States.

Senate approval would send the measure to the White House.

Northern and northwestern senators, whose areas compete with Canadian fruit and potatoes, are battling against the conference compromise.

It watered down the rider which would have required that all future reciprocal trade agreements carry an escape clause to permit slapping on import fees up to 50 percent on farm products when domestic surpluses pile up.

THE COMPROMISE requires that the escape clause be in line with the world "general agreement on tariff and trade," which would allow import fees only when they are "necessary to the enforcement" of government marketing or production quota programs.

### Corn Borers Now Working In County Fields

Corn borers now are hatching in Pickaway County in corn planted before May 15.

Larry A. Best, Pickaway County agricultural agent, reported Monday that the first brood egg-laying was not heavy, but observers are not sure about the size of subsequent hatches.

The first brood borer population is not heavy enough to lower the yield of field corn, Best said.

The early planted corn may well build up a heavy enough borer population to cause damage to the later planted corn from the second brood which will appear sometime between Aug. 1 and 15.

Corn borer population in field corn is not alarming until 50 egg masses per 100 plants are noted. There have only been from 15 to 20 egg masses per 100 plants laid on the early planted corn in (Continued on Page Two)

### Bookie Gets Off With Light Term

NEW YORK, June 26—Millionaire Bookmaker Frank Erickson was sentenced today to two years in jail and a \$30,000 fine on his guilty plea to 59 counts of bookmaking and one of conspiracy to violate state gambling laws.

The 54-year-old baby faced Erickson, who rose from a \$3 a week restaurant busboy to the director of a complex gambling empire doing more than \$1 million a month business, pleaded guilty to a criminal information just a week ago.

Sentence was imposed by Justices Nathan D. Perlman, John V. Flood and Frank Oliver in special sessions.

### 4,000 Refugees Flee War Area

SEOUL, June 26—More than 4,000 refugees from battle areas of Korea's civil war were flown to Seoul and the South Korean seaport of Inchon today.

One hundred wounded in the group were hospitalized while the others were sheltered in schools and churches.

The health ministry put into effect a disaster program to care for the war refugees. Most carried neither extra clothing or food.

### U. S. PUSHES RESOLUTION

## UN Orders Cease-Fire, Awaits Data From Korea

LAKE SUCCESS, June 26—The United Nations mobilized world public opinion today behind a demand that the North Korean Communist invasion forces halt their assault against South Korea and withdraw to their own border.

The order adopted by the Security Council was forwarded to the Russian-dominated North Koreans, to the South Korean government and the UN Commission in Korea.

The commission was instructed to report on compliance or defiance and on the general situation without delay.

The ten members of the Soviet-boycotted council rushed to an emergency session convoked on United States insistence at 2 p. m. Sunday. In an unprecedented action the council adopted within three hours a stiff resolution opening the way for the application of military intervention, and economic and political sanctions against the invading forces.

The three-point resolution was drafted and pushed through by the United States less than 24 hours after the American-supported republic of South Korea was attacked from the north.

WITH ONLY slight changes from the original, the Security Council passed the resolution by nine to none, with Yugoslavia abstaining.

Sir Benegal Rau of India, joint chairman of the council, ordered that body to meet again tomorrow afternoon in the expectation that a report will be on hand from the UN Korean Commission.

The resolution as adopted by the council read:

"Noting with grave concern the armed attack on the republic of Korea by forces from North Korea,

"Determines that this action constitutes a breach of the peace,

I. (A) Calls for the immediate cessation of hostilities, and

(B) Calls upon the authorities of North Korea to withdraw forthwith their armed forces to the 38th Parallel.

"II. Requests the United Nations Commission on Korea

(A) To communicate its fully considered recommendations on the situation with the least possible delay;

(B) To observe the withdrawal of the North Korean forces to the 38th Parallel; and

(C) To keep the Security Council informed on the execution of this resolution.

"III. Calls upon all members to render every assistance to the United Nations in the execution of this resolution and to refrain from giving assistance to the North Korean authorities."

The vote came at 5:46 p. m. Sunday after the ten delegates met in secret session for 40 minutes in the office of Secretary-General Lie to adapt the U. S. draft resolution to slight changes.

None of the ten speakers condemning the invasion of South Korea mentioned Russia by name, although in the mind of every council member was the unmistakable impression that the North Korean Communists are operating fully within the Moscow Cominform pattern of conquest in Asia.

Ambassador Ernest E. Gross, who represented the U. S., said of the council's speedy decision:

"The fact that the Security Council rose to the occasion so quickly, thereby indicating its clear understanding of the gravity of the situation, is, in itself, a reassuring factor. In the past, it has not always been true that the United Nations has acted as quickly and as vigorously."

Yugoslavia's Djuro Nincic presented a counter-resolution to the U. S. recommendation, urging immediate cessation of hostilities and withdrawal of the invaders, but postponing judgment on the matter.

## Localite, Only Woman On Hand, Named District Legion Officer

Mrs. Blanche Y. Mutschman of Circleville was named district adjutant Sunday during the annual seventh district American Legion convention here.

The new adjutant, only woman representing any of the Legion posts from eight counties which make up the district, also was elected to serve on the legislative committee during the Ohio Legion convention in Cleveland next Fall. She was district chairman last year.

Reynold Greene and Robert Wallace of Circleville received minor posts during the district confab.

Greene was named one of the six delegates to represent the district during the national convention while Wallace was named to head the district committee on safety.

Top district post was awarded during the session to Kent Castor of Chillicothe.

## Autos, Cycles Trucks Involved In Accidents

Pickaway County was besieged by six accidents last weekend involving 11 autos, three motorcycles, a tractor-trailer outfit and two trucks.

Two of the accidents occurred in the city while the remaining four occurred on Route 23 north of town.

First of the city accidents occurred at about midnight Saturday at Mound and Washington streets, involving an auto and a truck.

Officer Carl Thompson said an auto driven north on Washington street by Amos VanFossen, 19, of Chillicothe, failed to yield the right of way to a truck operated west on Mound street by William Streets, 56, of Circleville.

Streets suffered a minor head injury in the collision, according to reports. VanFossen was ordered to report.

## Jean Riddle Now In Denmark

Miss Betty Jean Riddle, Pickaway County's goodwill ambassador to Europe, has arrived at destination, will study foreign rural practices the balance of the Summer.

She is in Denmark, living with a farm family. The first in a series of letters telling her experiences is carried in this issue of The Circleville Herald. It will be found on Page Seven.

Miss Riddle's Danish farm has 110 acres, 1,300 apple trees, four hired hands and two maids.

### 6-COUNTY AREA HIT

## 21 Persons Are Killed In West Virginia Flood

SHINNSTON, W. Va., June 26—State police said today 21 persons are dead and 33 missing in flash floods that hit a six-county area of northern and central West Virginia.

Capt. Edward Stout at state police emergency headquarters in Shinnston said that 21 bodies have been recovered and that many of the missing are presumed to be dead.

HE IS CHARLES Bailey, 20, who leaped from a window of the house in which the rest of his family was carried away by the flood.

"None could have survived," the youth said at a hospital here he was taken for treatment of a broken leg and cuts and bruises.

He said he expects the death toll to "climb much higher."

State police, national guardsmen and volunteers continued to comb the wreckage for victims.

Heavy thunderstorms struck an area late Saturday and the rain continued Sunday. The swollen waters finally swept over their banks yesterday pushing a 35-foot wall of water in front of them.

Rescuers reported that in Smithburg on Middle Island Creek, only one member of a family of 15 attending a get-together was known to have survived.

Six members of the family of B. J. Cooper and three members of another family, both of West Union, also on the Middle Island Creek, were listed as dead.

Ray Bonnell, postmaster at Weston, on the west fork of the Hughes River, said that but for the alertness of two "teen-aged Paul Reverses," the death toll at Weston "undoubtedly would be higher."

## Crooksville Hit Again By Wall Of Flood Water

CROOKSVILLE, June 26—Residents of the Crooksville area in Southeastern Ohio today surveyed damages caused by a flash flood—the second in two weekends.

Although the flood waters which swept through the area late Saturday and Sunday did not cause as much damage as the one a week ago, several hundred thousands of dollars was added to the toll of the previous flood.

Several hours after Ohio's Governor Frank J. Lausche made a tour of the area Saturday, the flood waters coursed through Crooksville and Roseville streets at 18-inch level.

Eight-foot-deep water on a highway near Roseville was compared with the seven-foot wall of flood water which raced through the Ohio Valley last weekend.

National Guardsmen at Tropic were called to duty Saturday night to evacuate several families from their homes. The waters receded rapidly, however, and traffic snaked its way along highways covered with 20 inches of water. No injuries were reported.

Two persons were badly burned at Weston when 450,000 gallons of gasoline caught fire after 12 gasoline storage tanks were ruptured.

It was feared for a time that the fire would create a disastrous conflagration, but the flames were dissipated by the swirling flood waters.

Sheriff Cecil Owens of Lewis County estimated that property damage at Weston, which was covered by 35 feet of water in parts, would soar above \$2 million.

Mrs. Clara Bee, 70, of West Union, and her brother, William Bribble of Cleveland, were swept to their deaths while trying to warn a grandmother and another woman of the flood danger. All of them perished.

## Oil Used OK In Chest Cavity

COLUMBUS, June 26 — The successful use of olive oil to fill the chest cavity after the removal of a lung was reported today by Ohio State university.

The new procedure, known as oleothorax, prevents expansion of the remaining healthy lung into the heart area.

Dr. Neil C. Andrews, of the department of research surgery, has been investigating oleothorax with other OSU medical authorities for six years and has used the process successfully in 20 cases.

## Capital City Ready For Dawn Strike

### 1,000 Americans Being Evacuated

SEOUL, June 26 — Invading Communist North Korean forces smashed to within nine miles northeast of Seoul today and the South Korean capital was alerted against a possible full-scale attack at dawn.

An air raid warning plunged the city into darkness shortly after midnight, invoking orders prohibiting the showing of any lights.

Reuters said that reports reaching Japanese newspapers indicate that North Korean troops have entered the outskirts of Seoul.

Many persons were reported fleeing the capital despite leaflets from Communist aircraft urging the population to remain calm.

An unconfirmed report was received in Tokyo that a Communist spearhead has reached Seoul's airport, Kimpo Field.

Preparations for evacuation of 1000 Americans, including 200 women, were speeded as reports of the expected all-out Communist attack circulated. Several hundred American women and children already have been evacuated on two ships from Korea's port of Inchon (Jinsen).

Tenseness in the beleaguered capital grew with a report from police sources of a new Communist attempt to land strong forces in the west coast area between Inchon and Kimpo, 30 miles west of Seoul.

COURAGE OF Seoul's defenders was bolstered by a report from army sources that 100 U. S. planes, presumably carrying munitions and supplies, took off from a Japanese base at 10:30 o'clock last night for South Korea. However, the report was not officially confirmed by the government.

Emergency defense measures still were under discussion at a meeting of the South Korean cabinet which began at 8:30 o'clock and continued throughout the night.

The city of Uijongbu, a key South Korean defense point 17 miles northeast, fell to the Communists in their thrust toward Seoul at 8 o'clock last night.

Thirty Thousand South Korean defending troops retreated two miles south from Uijongbu. (Continued on Page Two)

## Truman Brands Invasion As 'Lawless Action'

WASHINGTON, June 26—President Truman today branded the invasion of Southern Korea as a "lawless action" and a serious threat to world peace.

The first presidential statement on the Korean crisis was issued by the White House shortly before noon.

Mr. Truman said:

"Those responsible for this act of aggression must realize how seriously the government of the United States views such threats to the peace of the world.

"Willful disregard of the obligation to keep the peace cannot be tolerated by nations that support the United Nations charter.

"Our concern over the lawless action taken by the forces from North Korea, and our sympathy and support for the people of Korea in this situation, are being demonstrated by the cooperative action of American personnel in Korea, as well as by steps taken to expedite and augment assistance of the type being furnished (Continued on Page Two)

**THE FIVE-STAR** American general reported that the North Koreans' maximum point of penetration was halfway from the 38th Parallel border to Seoul.

As preparations continued for shipping munitions to Korea, American authorities barred all Japanese shipping from Hakata harbor at Fukuoka in Southern Japan for 48 hours beginning at 6 p. m. Monday.

Several hundred American women and children, evacuated from war-torn Korea, are scheduled to arrive at Hakata at dawn Wednesday but nevertheless the ban on Japanese shipping aroused speculation that munition shipments may be loaded at the harbor.

MacArthur was authorized to supply small arms and ammunition to South Korea following lengthy State Department meetings at which Secretary of State Dean Acheson presided in Washington Sunday.

Sentiment at MacArthur's Tokyo headquarters was for extending the quickest and most effective aid to American-sponsored South Korea, the last slice of non-Communist territory on the North Asiatic mainland.

### Debris And Parts Of Bodies Tell Tale Of Crash

SOUTH HAVEN, Mich., June 26—Scattered debris and parts of human bodies indicated today the probable fate of 58 persons aboard a Northwest Airlines plane which vanished over Lake Michigan during a thunderstorm.

An air-sea search for the giant DC-4 air coach was concentrated offshore about 12 miles northwest of St. Joseph, Mich., when a Coast Guard lifeboat from South Haven recovered items from the plane.

They were blankets with the markings "N W" flanked by wings; a log book, and a maintenance chart.

Hope was virtually abandoned for any survivors after discovery of the wreckage and fragments of bodies, making it the worst tragedy in the history of American commercial aviation.

Officials said they believed the four-engine craft exploded in midair or exploded and disintegrated Saturday upon striking the water.

The plane, enroute from New York to the Pacific Coast via Minneapolis, disappeared without a radioed alarm during a severe electrical storm and it was believed possible that the airliner was struck by lightning.

the measure to the White House. Northern and northwestern senators, whose areas compete with Canadian fruit and potatoes, are battling against the conference compromise.

It watered down the rider which would have required that all future reciprocal trade agreements carry an escape clause to permit slapping on import fees up to 50 percent on farm products when domestic surpluses pile up.

**THE COMPROMISE** requires that the escape clause be in line with the world "general agreement on tariff and trade," which would allow import fees only when they are "necessary to the enforcement" of government marketing or production quota programs.

Sens. Magnuson, (D) Wash., and Morse, (R) Ore., are spearheading a group of northern farm state senators who do not want the possibility of import fees limited to products on which government programs actually exist.

They want the way kept open for the administration to curb imports at its discretion whenever surpluses overhang the market, regardless of domestic control programs.

Under either the original rider or the compromise, as under the existing "Section 22" law, the imposition of import fees is not mandatory on the president. He is merely empowered to establish fees if he sees fit.

Present law permits the administration to surrender the right to use the import fees and enter into a reciprocal trade agreement without such an escape clause.

The administration made a determined fight against the Magnuson-Morse rider, on grounds that it would be contrary to U. S. policy in international trade.

House conferees refused flatly to accept the rider until it was revised to follow the "Gatt" provisions in the compromise which the State Department reportedly approved.

bu. The Soviet-trained North Koreans, equipped with tank reinforcements, laid down an intensive artillery barrage behind the South Korean forces.

No casualties were announced, but South Korean losses were presumed to be heavy.

The South Koreans, with a pledge of immediate American aid in the form of fighter planes and arms, were driven back from Uijongbu after launching a counter-attack against the tank-supported northerners.

South Korean forces were also reported under strong attack from the Communists in Kangnung, 20 miles south of the 38th Parallel border near the East Korean coast. The South Korean eighth division, comprising 10,000 men, sent out an urgent call for reinforcements at Kangnung, 100 miles east of Seoul.

Two strong North Korean columns were attacking the Kangnung positions from the north and south. Ten thousand North Korean troops were landed 20 miles south of Kangnung to provide the southern thrust against the defenders.

IN THE FACE of latest battle reports, Seoul was comparatively quiet, but a secret joint meeting of the cabinet and the national assembly was to be held to discuss the situation.

Telephoned reports from Seoul to Tokyo said that gunfire was audible in the South Korean capital and its suburbs, leading to speculation that the tank-supported North Koreans may have broken through.

Refugees from the battle area said that Uijongbu had fallen to Communist invasion forces which were reinforced by approximately 50 tanks. A South Korean army communique claimed, however, that Communists were retreating in this area.

In Tokyo, General Douglas MacArthur, issuing his first war communique in almost five years, said the South Koreans rallied after suffering setbacks in the initial phase of the surprise invasion.

MacArthur reported that the South Koreans mounted a counter-attack at Uijongbu and were believed to have destroyed some 12 to 20 North Korean tanks. Some of these tanks were destroyed by South Korean "suicide teams," according to MacArthur's communique.

Two motorists who operated vehicles not properly muffled were arrested here last weekend along with a drunken driver.

George Todd, 26, of Columbus, was fined \$10 and costs in the court of Mayor Thurman I. Miller for driving an unmuffled auto.

Todd was arrested on South Court street by Officer Harold Green.

Officer Green also arrested D. R. Harris Jr., 23, of West Virginia, for operating an unmuffled truck on South Court street. Harris is to appear at 6 p. m. Tuesday in mayor's court.

Robert Teets, 21, of near Williamsport, was fined \$100 and costs in the court for drunken driving.

The man was arrested on West Main street by Officers Mack Wise and Green.

Second city accident happened at about 1:30 p. m. Sunday on South Court street near Mound street.

**OFFICER Rod List** said a car was operated north on Court street by Andrew Watzek, 18, of Columbus, who stated he had started to turn on the auto radio, smashing into a parked car owned by Margaret Mattinson of 146 West Union street.

**Virginia Sullivan, 30, of Columbus,** a passenger in the Watzek car, reportedly suffered minor injuries in the crash.

**State Highway Patrolman Clyde Wells** said the first of the four accidents he investigated occurred at about 12:10 p. m. Saturday on Route 23 just north of the city.

**Wells said an auto** operated north on the highway by Leland Valentine, 48, of Circleville, made a left turn into the path of an auto operated south by Donald Grismore, 40, of Columbus.

**The patrolman said the autos met nearly headon. Valentine suffered minor chest and arm bruises, the patrolman said, and his daughter, Suzy, 11, suffered a bruised nose.**

**Valentine was fined \$10 and costs** by Mayor Thurman I. Miller for failing to yield the right of way.

**Second accident occurred** at about 1:45 a. m. approximately two miles north on Route 23.

**Wells said an auto** operated north by Earl Clark, 31, of Columbus, went out of control at the bottom of a mild hill when the motorist applied his brakes. It was raining at the time, Wells said.

**The patrolman said the auto** swerved to the left side of the

**CLARK WAS** fined \$25 and costs in mayor's court for unsafe operation.

**Next accident occurred** at 12:50 p. m. Sunday just north of South Bloomfield, involving three motorcycles and an auto.

**Wells said a motorcycle** operated north by Ernest Kirk, 22, of Chillicothe Route 6, slowed when an unidentified auto ahead of him slowed.

**Another motorcycle, operated** by Howard Letts Jr., 22, of Chillicothe, failed to slow down, Wells said, and bumped against the other cycle.

**The patrolman said the jolt** threw Letts to the pavement while his motorcycle plunged out of control to the left, into the path of an auto driven by Charles Weidner Jr., 25, of Columbus.

**The motorcycle was destroyed** by the impact, Wells said, and the front wheel was thrown back across the highway into the path of another motorcycle operated by Dallas Rife, 22, of Crab Orchard, W. Va. Wells said that Rife was travelling slowly and that he was not unseated.

**Letts suffered bruises and abrasions** of his right arm in the fall to the pavement, and was fined \$20 and costs in mayor's court later for following traffic too closely. The motorcycle was demolished, Wells said, and the auto was "considerably banged up."

**Last of the county accidents** happened at about 5:15 a. m. Monday about one mile north of South Bloomfield, involving a tractor-trailer outfit, a panel truck and an auto.

**Wells said Clarence Fulton, 18, of Greenwich,** attempted to pass the tractor-trailer outfit operated by Otis Tolley, 37, of Dunbar, W. Va. He said a heavy fog impaired vision.

**A PANEL TRUCK** operated by Harley Temple, 60, of Brecksville, was approaching from the opposite direction, Wells said, and Fulton attempted to swerve back to the right into his own lane.

**The patrolman said Fulton's** auto struck the right rear of the tractor-trailer outfit, then side-swiped the Temple panel truck, which had swerved to the berm to avoid a collision. No one was injured, the patrolman said.

**Fulton was fined \$25 and costs** in mayor's court for failure to obtain an assured clear distance ahead while passing.

Pickaway County by the first brood moths.

**There are a few producers in** the county that are interested in doing some experimental work on borer control this year. The time to try this control work will be on the second brood.

**BEST'S OFFICE** will keep interested producers informed as to the progress of the second brood.

**Sweet corn canners have received** instructions from state experts concerning control of borers in sweet corn. If interested in borer control, these instructions should be followed. Early planted sweet corn should have a first spray application immediately, Best advised.

**He said a few Pickaway County farmers** observed that where 2, 4-D was used in corn fields last year to control weeds that corn borer damage was much less than where no 2, 4-D was used.

**Entomologists at the Ohio Experiment Station** have been told of this observation and they reply that this observation can be correct. The 2, 4-D does change the structure of the corn plant and probably makes it a less desirable place for the borers to work. State entomologists plan to make field studies of this problem this summer.

**It is a known fact that borers** like the hybrid variety Iowa 939 much better than they do U. S. 13.

**The only answer that plant breeders** have is because the structure of the two hybrids is different. They reason that 2, 4-D can and will cause enough difference in the structure of the corn plants to discourage the work of the borer.

# Kiwanis-Rotary Joint Meeting Being Awaited

Circleville Kiwanis Club members were cocked and primed Monday.

**That evening was to be one** of their biggest of the year.

**They are scheduled to play** host to their arch civic club rivals—members of Circleville Rotary Club.

**The affair, scheduled as a** dinner meeting in Pickaway County Club, is to get underway at 6:45 p. m.

**Featured speaker of the evening** will be Ollie James, chief editorial writer for the Cincinnati Enquirer.

**The wise-cracking columnist** with the Dixie drawl reported to local Kiwanis contacts Sunday he had no "title" for his address—"I'm just gonna talk," he declared.

**Meanwhile, Kiwanians were** doublechecking each other to see that every member would be present. Rotarians had told Kiwanis leaders that "all but six" of their group would attend the dinner meeting.

**With Rotary's membership** roll having a slight edge on the Kiwanis roster, it was evident that every Kiwanian must be present. As one Kiwanian put it: "It would be awful to be outnumbered by—of all people—Rotarians."

dered to appear in mayor's court at 8 p. m. Monday.

Second city accident happened at about 1:30 p. m. Sunday on South Court street near Mound street.

**OFFICER** Rod List said a car was operated north on Court street by Andrew Watzek, 18, of Columbus, who stated he had started to turn on the auto radio. The car plunged to the right, smashing into a parked car owned by Margaret Mattinson of 146 West Union street.

Virginia Sullivan, 30, of Columbus, a passenger in the Watzek car, reportedly suffered minor injuries in the crash.

**State Highway Patrolman** Clyde Wells said the first of the four accidents he investigated occurred at about 12:10 p. m. Saturday on Route 23 just north of the city.

Wells said an auto operated north on the highway by Leland Valentine, 48, of Circleville, made a left turn into the path of an auto operated south by Donald Grismore, 40, of Columbus.

The patrolman said the autos met nearly head-on. Valentine suffered minor chest and arm bruises, the patrolman said, and his daughter, Suzy, 11, suffered a bruised nose.

Valentine was fined \$10 and costs by Mayor Thurman I. Miller for failing to yield the right of way.

Second accident occurred at about 1:45 a. m. approximately two miles north on Route 23.

Wells said an auto operated north by Earl Clark, 31, of Columbus, went out of control at the bottom of a mild hill when the motorist applied his brakes. It was raining at the time, Wells said.

The patrolman said the auto swerved to the left side of the

ley Riggins and Charlotte McCloud were released after treatment. Shirley suffered a three inch laceration above her ankle and abrasions of the left thigh. Charlotte had two small lacerations above knee on left leg. Both girls are from Circleville Route 2.

**Mrs. Clarence Hancher Jr.** of 543 East Franklin street underwent surgery Friday in Mercy hospital, Columbus. Her condition is reported good. She is in Room 511.

**The Wes Edstrom family** (Mr. Edstrom is your new Chrysler-Plymouth dealer) is very anxious to make their home in or near Circleville. Mr. Edstrom would appreciate hearing from anyone having or knowing of a 6 or 7 room house or apartment to rent. Just call 321.—ad.

**John McKenzie** of Circleville Route 4 reported Monday that someone made off with two tires and wheels from his farm wagon sometime last weekend. Deputy Walter Richards said the wagon had been inside a barn, located about 100 yards from the house.

**Monroe Stitches** 4H club will sponsor a bake sale at Kochheiser Hardware, Saturday, July 1. Cakes, cookies, pies, fried chicken, eggs, etc.—ad.

**Circleville firemen** were summoned at 1:55 p. m. Saturday to extinguish a straw fire at Walnut street school. The firemen said that straw which had been used to cover the landscaping to the south of the school had been burning. Cause was not determined.

highway and ripped out approximately 150 feet of guard rail fencing. None of the six passengers in the car was hurt, he added.

**CLARK** WAS fined \$25 and costs in mayor's court for unsafe operation.

Next accident occurred at 12:50 p. m. Sunday just north of South Bloomfield, involving three motorcycles and an auto.

Wells said a motorcycle operated north by Earnest Kirk, 22, of Chillicothe Route 6, slowed when an unidentified auto ahead of him slowed.

Another motorcycle, operated by Howard Letts Jr., 22, of Chillicothe, failed to slow down, Wells said, and bumped against the other cycle.

The patrolman said the jolt threw Letts to the pavement while his motorcycle plunged out of control to the left, into the path of an auto driven by Charles Weidner Jr., 25, of Columbus.

The motorcycle was destroyed by the impact, Wells said, and the front wheel was thrown back across the highway into the path of another motorcycle operated by Dallas Rife, 22, of Crab Orchard, W. Va. Wells said that Rife was travelling slowly and that he was not unseated.

Letts suffered bruises and abrasions of his right arm in the fall to the pavement, and was fined \$20 and costs in mayor's court later for following traffic too closely. The motorcycle was demolished, Wells said, and the auto was "considerably banged up."

Last of the county accidents happened at about 5:15 a. m. Monday about one mile north of South Bloomfield, involving a tractor-trailer outfit, a panel truck and an auto.

Wells said Clarence Fulton, 18, of Greenwich, attempted to pass the tractor-trailer outfit operated by Otis Tolley, 37, of Dunbar, W. Va. He said a heavy fog impaired vision.

**A PANEL TRUCK** operated by Harley Temple, 60, of Brecksville, was approaching from the opposite direction, Wells said, and Fulton attempted to swerve back to the right into his own lane.

The patrolman said Fulton's auto struck the right rear of the tractor-trailer outfit, then side-swiped the Temple panel truck, which had swerved to the berm to avoid a collision. No one was injured, the patrolman said.

Fulton was fined \$25 and costs in mayor's court for failure to obtain an assured clear distance ahead while passing.

## North Court Closing Set

North Court street will be closed two days this week, beginning Tuesday morning.

**Ervin Leist**, city water department manager, said the street will be closed to enable workers to tap Court street water main in order to lay a water line along Rosewood avenue. He said Court street probably will be opened to traffic Thursday.

## Auto Checkup Deadline Near

Circleville motorists were warned Monday that this is the last week of the 1950 auto safety check program.

**Police Chief William F. McCrady** said his men will end their car checking activities Saturday.

"We are not going to extend the check in the office," the chief stated.

adjutant, were Mack Lilly of Ironton, vice commander; Robert McLaughlin of Portsmouth, sergeant at arms; and Clem Thurman of Greenfield, chaplain.

Other delegates to the national convention were Duke Whipple of Portsmouth; Voit Aikman of Greenfield; Roscoe Collins of Ironton; Duke Williams of Chillicothe; and Albert Grimshaw.

More than 90 delegates—in-

cluding five from Circleville, two from New Holland and one from Williamsport—attended the Sunday convention, representing 6,265 Legionnaires from the eight counties of the district.

Several hundred Legion representatives were present Saturday night to participate in the opening parade, headed by the Circleville American Legion Drum and Bugle Corps, and for the entertainment program following.

Actual convention activities began at 10 a. m. Sunday in Memorial Hall and lasted until 3 p. m.

Mayor Thurman I. Miller of Circleville presented a welcoming address during the session, while principal speaker for the confab was Ross Williams, past Ohio department commander.

Highlight address of the session was delivered by Don Shooppe, a national executive committee member, who warned of the hazards of Communism.

## Kiwanis-Rotary Joint Meeting Being Awaited

Circleville Kiwanis Club members were cocked and primed Monday.

That evening was to be one of their biggest of the year. They are scheduled to play host to their arch civic rivals—members of Circleville Rotary Club.

The affair, scheduled as a dinner meeting in Pickaway County Club, is to get underway at 6:45 p. m.

Featured speaker of the evening will be Ollie James, chief editorial writer for the Cincinnati Enquirer.

The wise-cracking columnist with the Dixie drawl reported to local Kiwanis contacts Sunday he had no "title" for his address—"I'm just gonna talk," he declared.

Meanwhile, Kiwanians were doublechecking each other to see that every member would be present. Rotarians had told Kiwanis leaders that "all but six" of their group would attend the dinner meeting.

With Rotary's membership roll having a slight edge on the Kiwanis roster, it was evident that every Kiwanian must be present. As one Kiwanian put it: "It would be awful to be outnumbered by—of all people—Rotarians."

## Walters Named New President By Boosters

Charles Walters of Circleville Route 4 was elected Sunday as president of the Circleville Boosters Club.

Only about 60 Boosters were on hand for the annual election picnic held in Ted Lewis Park.

Other officers elected during the session were Azel Laughlin, vice president; Clark Martin, treasurer; and Ralph Robey, secretary.

James Callahan, last year's president, automatically was installed as a director of the organization.

Other directors elected Sunday were Dr. Paul C. Routzahn and Cecil Andrews, two years;

Robert Elsea and Chester Starkey, one year; and George Fishpaw, elected to fill an unexpired term.

## DEATHS

and Funerals

NANCY REBECCA MORGAN

Nancy Rebecca Morgan, 22-month-old daughter of Mr. and Mrs. John Morgan of Kingston, died in Children's hospital, Columbus after a ten weeks illness.

Meningitis was the cause of death, which occurred Sunday. The child's father is teacher in Kingston union school.

Beside her parents the child is survived by a sister, Bess Morgan, and two grandmothers, both of Oak Hill, Mrs. Sarah Gilliland and Mrs. Elizabeth Morgan.

Funeral services will be held at 2 p. m. Wednesday in Oak Hill Evangelical United Brethren church. The body will be taken to the church one hour before services where friends may call.

Friends may also call in the Kingston residence after 10 a. m. Tuesday.

Burial will be in Oak Hill Village cemetery.

MRS. JOHN ALLENDER

Mrs. Estella Allender, 68, an employe of Fairfield County home for 10 years, died at 3:45 p. m. Saturday after a one week's illness. Death came unexpectedly.

She formerly lived near Amanda. She was the widow of John Allender.

Survivors include a daughter, Mrs. Mae Meyers of San Diego, Cal.; a step-daughter, Mrs. Mina Clover of Emlenton, Pa.; four grandchildren and three great grandchildren.

Funeral services will be held at 2 p. m. Wednesday in St. Paul Lutheran church in Lancaster with the Rev. P. A. Rohrbagher officiating.

cials said that planes could be put into the air at a moment's notice and the Navy was ready to carry out any order at once.

The Navy has a cruiser and four destroyers now operating in Japanese waters, plus a number of Japanese-manned LSTs and 27 frigates returned by the Russians last year as a lend-lease repayment. The frigates mount three-inch guns and 20 and 40 millimeter weapons.

The need for planes by South Korea was stressed by Kim Yong Joo, Korean ambassador in Japan who said he would see MacArthur on instructions from President Syngman Rhee of South Korea.

The Korean diplomat said his president instructed him to ask MacArthur for arms as well as aircraft to aid the South Korean war against the Communist invaders.

He said that some South Korean pilots have been trained to fly modern fighter planes, adding:

"If the North Koreans have Yak-type planes, we must have modern fighters."

# Pitching Horseshoes

By BILLY ROSE

Charles E. Wilson, president General Motors Corp. Detroit, Mich.

Dear Mr. Wilson: A few weeks back I was hit where I enthuse by the announcement that you had signed an unusually liberal wage and welfare pact with the United Automobile Workers which, among other things, provided there would be no strikes for the next five years.

"That Wilson is a plenty smart hombre," I said to myself. "He knows that as long as his workers have full lives and dinner pails they're more apt to be interested in Groucho Marx than Karl."

So far, so good, sir, but from where I mull, immunizing the present generation of voters against political pink-eye is only half the job.

The other half is to go a giant step further and nail down the loyalty of the next generation of voters—the 25 million kids now in school who will be calling the national signals a couple of Presidencies from now. And, to get down to brass tennets, I see no way of nailing down their loyalty unless you first nail down the loyalty of the 900,000 underpaid teachers who are shaping their minds.

Your quick answer, I imagine, is that you agree with this line of reasoning—but you're wondering why I address myself to you rather than the proper municipal, state and federal officials. Well, for three good reasons, sir. First, you've demonstrated that you have a lot more vision than the average politico; second, you and the gents you represent have a much greater stake in free enterprise than said politico and, third, you're a heap more competent in getting a thing done, once you're convinced it ought to be done.

BUT ENOUGH of the butter—let's get back to the bread. To begin with how sure am I that the problem I've raised is a problem? Well, let me put it this way: I'm not saying that the average teacher is underemployed because he's underpaid—actually, surveys show he's at least as leary of the lefty loudmouths as the next solid citizen. At the same time, however, it stands to reason that the pedagogue who has to fill up on potatoes several times a week will find it harder to get het up about "our way of life" than a General Motors mechanic with a convertible in his garage and a couple of thousand bucks in the bank.

The Commies, of course, know this and are doing their darnedest to tack on the "R" that stands for "Red" to the three traditional "R's." And it's a great tribute to our mis-m-e-a-l teachers that so few have succumbed to this propaganda so far.

It's time the big motor, steel and chemical combines stopped pressing their luck and faced up to the fact that their financial futures may be empty if the teachers' bellies aren't full.

Teachers, as you know, see more of a child than its parents do, and as more follows night it follows that unless these teach-

ers are happy and contented, there's always the chance that they'll mould a generation of malcontents. Which is precisely what the Kremlin is praying and plotting for.

Who, you ask, is going to pony up the money to make our educators as satisfied with their lot as, let's say, the average bricklayer? Darned if I know. Raising that kind of money is your department—and if you and the other forward-peeping executives can't figure out how to underwrite this disaster insurance, nobody can.

Currently, our star-spangled democracy is spending one and one-half per cent of its national income to teach the next generation of voters to think straight, whereas Russia is spending six times as much proportionately to make its next generation of nonvoters think crooked. And if we want that kind of crooked thinking confined to the banks of the Volga, it's my carpy contention that big business ought to make the teacher's welfare its business—that if, if it wants to stay in business.

Sincerely,  
Billy Rose

## Police Raid Ends Weekend 'Vice Resort'

HUDSON, N. Y., June 26—Twenty women were arraigned in police court on vice charges as a result of a sensational early morning state police raid on Hudson's "weekend vice resort."

Four of the women were charged with operating disorderly houses and were held in \$2,000 bail for a hearing Wednesday. The others were charged with vagrancy and prostitution and also held for a Wednesday hearing.

Forty-five troopers, led by Chief Inspector Frank McGarvey, swooped down on the houses. Ten men were taken into custody with the women, but the former were released after questioning.

District Attorney John N. McLaren, said he asked the state police to make the raids.

"This ends Hudson as a weekend vice resort," said McLaren. "It ends 150 years of prostitution in Hudson. We have been the weekend vice resort of men from Albany, Syracuse and even from Massachusetts and Connecticut for years."

Five of the women allegedly were operators of the houses and the others were employed by them.

## Local Musician Attends Clinic

Ruth Troutman has returned to her Circleville home after participating in a 10-day Summer music clinic staged by Ohio Wesleyan university.

Miss Troutman, an outstanding pupil recently graduated by the local high school, participated in events for band, orchestra and choir.

Friday evening, the affair was closed with a concert. The orchestra section was directed by guest conductor Thor Johnson of Cincinnati symphony orchestra.

Attending the concert from here were Mr. and Mrs. Ray Kibler, Beverly Reid, Lottie Walters and Mrs. George Troutman.

By Daolph O. Berger, north central director of the U. S. Bureau of Labor Statistics, consumers' prices in Cincinnati were at their highest level since June, 1949.

All major groups of commodities and services contributed to an over-all increase of 1.4 percent in consumers' prices from mid-April to mid-May, with the exception of apparel, fuel, electricity and refrigeration, the report said.

In mid-May the Cincinnati consumers' price index moved up to 169.7 percent of the 1935-39 average and was .4 percent above the level of a year ago. Compared with mid-August 1939, Cincinnati living costs were up 74.4 percent.

The bureau reported that the Columbus retail food cost index moved up to 183.3 percent of the 1935-39 average, but was .5 percent below the level of a year ago.

The Columbus housewife currently pays 103.1 percent more for her food essentials than she did in mid-August, 1939.

## U.S.-Canada Ag Trade Booms In Postwar Area

WASHINGTON, June 26—The Agriculture Department reports that farm trade between the U. S. and Canada has jumped more than 200 percent in the last 10 years.

The department says that the U. S. exports of agricultural products to Canada increased 232 percent from 1939 to 1949, while Canadian exports to this country increased 293 percent during that time, on a value basis.

During 1949 total U. S. exports of farm goods to Canada were valued at \$209 million, compared with the prewar average of \$63 million.

On the other hand, Canada exported into the U. S. \$247 million

worth of agricultural products in 1949, compared with a prewar average of about \$63 million.

Between the same 10-year period, U. S. exports of non-agricultural products to Canada increased 373 percent, while Canada's exports to the U. S. increased 374 percent.

The apple is the most important food fruit.

ers are happy and contented, there's always the chance that they'll mould a generation of malcontents. Which is precisely what the Kremlin is praying and plotting for.

Who, you ask, is going to pony up the money to make our educators as satisfied with their lot as, let's say, the average brick-layer? Darned if I know. Raising that kind of money is your department—and if you and the other forward-peeping executives can't figure out how to underwrite this disaster insurance, nobody can.

Currently, our star-spangled democracy is spending one and one-half per cent of its national income to teach the next generation of voters to think straight, whereas Russia is spending six times as much proportionately to make its next generation of nonvoters think crooked. And if we want that kind of crooked thinking confined to the banks of the Volga, it's my carpy contention that big business ought to make the teacher's welfare its business—that if, if it wants to stay in business.

Sincerely,  
Billy Rose

## Police Raid Ends Weekend 'Vice Resort'

HUDSON, N. Y., June 26—Twenty women were arraigned in police court on vice charges as a result of a sensational early morning state police raid on Hudson's "weekend vice resort."

Four of the women were charged with operating disorderly houses and were held in \$2,000 bail for a hearing Wednesday. The others were charged with vagrancy and prostitution and also held for a Wednesday hearing.

Forty-five troopers, led by Chief Inspector Frank McGarvey, swooped down on the houses. Ten men were taken into custody with the women, but the former were released after questioning.

District Attorney John N. McLaren, said he asked the state police to make the raids.

"This ends Hudson as a weekend vice resort," said McLaren. "It ends 150 years of prostitution in Hudson. We have been the weekend vice resort of men from Albany, Syracuse and even from Massachusetts and Connecticut for years."

Five of the women allegedly were operators of the houses and the others were employed by them.

## Columbus Area Food Bill Takes 2.3 Pct. Jump

CHICAGO, June 26—The family food bill in Cincinnati and Columbus jumped 3.2 and 2.3 percent, respectively, during the monthly period ending in mid-May.

## Local Musician Attends Clinic

Ruth Troutman has returned to her Circleville home after participating in a 10-day Summer music clinic staged by Ohio Wesleyan university.

Miss Troutman, an outstanding pupil recently graduated by the local high school, participated in events for band, orchestra and choir.

Friday evening, the affair was closed with a concert. The orchestra section was directed by guest conductor Thor Johnson of Cincinnati symphony orchestra.

Attending the concert from here were Mr. and Mrs. Ray Kibler, Beverly Reid, Lottie Walters and Mrs. George Troutman.

by Daolph O. Berger, north central director of the U. S. Bureau of Labor Statistics, consumers' prices in Cincinnati were at their highest level since June, 1949.

All major groups of commodities and services contributed to an over-all increase of 1.4 percent in consumers' prices from mid-April to mid-May, with the exception of apparel, fuel, electricity and refrigeration, the report said.

In mid-May the Cincinnati consumers' price index moved up to 169.7 percent of the 1935-39 average and was 4 percent above the level of a year ago. Compared with mid-August 1939, Cincinnati living costs were up 74.4 percent.

The bureau reported that the Columbus retail food cost index moved up to 183.3 percent of the 1935-39 average, but was .5 percent below the level of a year ago.

The Columbus housewife currently pays 103.1 percent more for her food essentials than she did in mid-August, 1939.

## U.S.-Canada Ag Trade Booms In Postwar Area

WASHINGTON, June 26—The Agriculture Department reports that farm trade between the U. S. and Canada has jumped more than 200 percent in the last 10 years.

The department says that the U. S. exports of agricultural products to Canada increased 232 percent from 1939 to 1949, while Canadian exports to this country increased 293 percent during that time, on a value basis.

During 1949 total U. S. exports of farm goods to Canada were valued at \$209 million, compared with the prewar average of \$63 million.

On the other hand, Canada exported into the U. S. \$247 million

worth of agricultural products in 1949, compared with a prewar average of about \$63 million.

Between the same 10-year period, U. S. exports of non-agricultural products to Canada increased 373 percent, while Canada's exports to the U. S. increased 374 percent.

### AFRICAN BACKWARD STEP

IN A WORLD which is trying to eliminate racial barriers and provide equal opportunities and privileges for all, regardless of race or color, South Africa, as represented by her present Nationalist Government, is about to pass a new segregation legislation.

The Group Areas Bill, which observers in Capetown say is being forced through Parliament, would divide the country into tight sections, in which land ownership and occupation would be assigned to the different races there. This compulsory segregation is of course opposed by all non-whites and socially enlightened whites.

The joker in this game is the fact that the white population cannot function industrially or any other way unless the dark-skinned people leave their areas and work for them.

South Africa's former government, under General Jan Smuts, was slowly working toward a state of friendly cooperation among the different racial groups. This policy was seized upon by the anti-English, pro-German Nationalists during and after the war and labelled as subversive to the best interests of the nation. The present legislation is the logical result of the policy of the party in power, but it cannot fail to bring trouble on the people.

### QUEER HOSPITAL WAYS

WHY DO hospitals wake up patients at five or six in the morning to wash, tooth-brush and breakfast then? Some perhaps have moved away from this ancient system, but too many have not, says Harlan L. Paine, Jr., administrator of the hospital of Winchester, Mass., writing in "The Modern Hospital". Starting out a day like this, after what may have been a sleepless night, can wreck a patient rather than cure him.

Shortage of nurses is not the cause of this, but an attempt to divide the work more evenly between day and night nurses. The former are supposed to have more to do than the night-duty ones, so as many of the daily routine tasks as possible are assigned to the girls on night duty. But the real cause, thinks Mr. Paine, is the tendency of people to keep stick-to-the-old-system methods of administration. Paines hospital abandoned this conservative tradition, letting patients sleep till seven, giving them breakfast at 7:45 A. M. Everybody in consequence is happy and no new help has been required.

All hospitals need more nurses; but some of them need more initiative in still greater measure.

Rigor mortis is no tighter than the cramps that seize the stinky when it comes time to spend some money on somebody else besides themselves.

### MARCH OF EVENTS

Congress Seen Adjourning Without Excise Tax Cut | Senator Graham May Need To Run Twice For Post

Special to Central Press

WASHINGTON—There are persistent rumors on Capitol Hill that Congress may adjourn without cutting excise taxes. Some Democratic leaders intimate that they see no way of enacting a tax bill at this session without keeping Congress in session until late summer. They believe pressure for adjournment will become so great in an election year that they'll be forced to call a halt.

Final action on a tax bill by the House ways and means committee is expected early in June. Then the Senate finance committee will have to conduct hearings after the House passes the bill and Chairman Walter F. George (D., Georgia) thinks it will take until the end of August to do the job.

The House committee has voted to cut excise taxes more than one billion dollars, but that does not make it law.

**FIRST ROUND ONLY**—Senator Frank Graham's victory in North Carolina is by no means conclusive despite the vote he polled in that state's Democratic primary.

Raleigh attorney Willis Smith, who ran a good second to Graham, will demand a run-off under the state law which requires that the winner have a majority of the total vote.

## Miss Margaret Stevenson Is Sunday Bride

When Miss Margaret Jean Stevenson and Glenn W. Barnhart exchanged marriage vows Sunday afternoon, the bride descended a curved stairway garlanded with festoons of ivy and white satin ribbon and lighted by the same cathedral candles in tall white candle sticks that had been used in the wedding of her parents.

Miss Stevenson, daughter of Mr. and Mrs. Bruce Stevenson, 2, and Mr. Barnhart, son of Mr. and Mrs. Clarence R. Barnhart of Montclair avenue, were married Sunday afternoon in a ceremony before an altar improvised in the bay window of the Stevenson home.

Officiating ministers were the Rev. Neil H. Peterson of Cincinnati Fairmount Methodist church and the Rev. Donald E. Mitchell of Circleville Presbyterian church.

Wedding guests were members of immediate families and a few close friends.

Seven-branched candelabra, palms, and tall vases of white gladioli, carnations and baby's breath formed the background before which the ceremony was performed.

The bride was given in marriage by her father. She wore a floor-length gown of white lace with high rolled collar forming a pointed neckline and fitted basque with tiny lace covered buttons.

The hip length veil of embroidered illusion had been worn by her mother. She carried a lace handkerchief also used by her mother at her own wedding. Her cascade bouquet was made of white carnations centered with an orchid. Her bracelet and necklace of hand wrought silver filigree were gifts of the bridegroom and had been brought by him from India.

The only attendant and maid-of-honor was the bride's sister, Miss Grace Stevenson, who wore white embroidered organza over pale green satin. She wore matching mitts and carried a cascade bouquet of pink carnations.

Lighting the candles just before the ceremony was the bride's cousin, Susan Averill of Cincinnati who wore a floor length gown of green net and tulle.

Music by Miss Marilyn Wrenn of Lima accompanied by Werner Sonntag of Cleveland included "Because" and "The Lord's Prayer". Piano selections were Liebestraum, Clair de Lune, a melody of wedding music professional and recessional.

Best man was Ned C. Stout of Newark.

Junior ushers were Barbara Barnhart in a floor length gown of blue, niece of the bridegroom and Bruce Stevenson, brother of the bride.

Mrs. Stevenson was attired in a brown and white print and wore a corsage of yellow carnations. The bridegroom's mother wore a navy blue print with rose carnations.

At the reception which followed immediately after the wedding ceremony, the table was centered with a three-tier wedding cake encircled with ferns. White candles in silver candle sticks were at one end of the table, the punch bowl at the other.

Hostesses included the bride's aunt, Miss Margaret Averill of Frankfort, Ky., Mrs. Ned Stout, Newark, Miss Susan Averill of Cincinnati, Miss Elizabeth Stevenson, Miss Mary Kimmel and Miss Dorothy Bowling, all of Circleville community.

For the ten-day wedding trip, the bride changed to a navy blue suit with white accessories. She wore for a corsage the orchid from her wedding bouquet.

The bride is a graduate of Jackson Township high school and Ohio State university.

She is a member of Ohio Home Economics Association and American Home Economics Association.

Mr. Barnhart is a graduate of Circleville high school and Ohio State. He is a member of Triangle fraternity and American Institute of Industrial Engineers. He is affiliated with H. J. Heinz Company, Pittsburgh.

## Miss Ruth Blum Is Wed In Open Church Nuptials

Tradition of open church was observed at the Sunday afternoon wedding of Miss Ruth Blum and Charles O. Brizius which took place in Trinity Lutheran church.

The bride is the daughter of Mr. and Mrs. Edward H. Blum of Watt street. The bridegroom is the son of Mr. and Mrs. Oscar C. Brizius of Newburg, Ind.

Gladioli and the lighted tapers of seven-branched candelabra formed the setting before which the ceremony was performed by the Rev. E. H. E. Winterhoff. The bride was escorted down the aisle and given in marriage by her father.

Her gown was lace over white satin with a sheer round yoke outlined in seed pearls, fashioned with fitted bodice and very full skirt with three tiers of matching lace which intended into a circular train. The fingertip veil she wore was held in place by a crown of orange blossoms. Her mitts were of marquisette and lace. She carried a white prayer book covered with white rosebuds.

A gown of pale yellow marquisette, designed like the bride's, was worn by maid-of-honor and only attendant, Miss Virginia Sippel of Cincinnati. Her bouquet of peach gladioli matched the flowers in her head-dress.

Paul Carnes, cousin of the bridegroom, served as best man. Ushers included Edward Blum Jr., brother of the bride, Richard Korb and Allen Long of Evansville, Ind., and Stewart Murray of Elkhart, Ind.

Edmund Weingart, brother-in-law of the bridegroom, presented a program of violin wedding music. He was accompanied by Mrs. Karl Herrmann at the organ. Selections included Andante from violin concerto by Mendelssohn and "Meditation" by Massenet. Mrs. Herrmann played "Cantilene Nuptial" by DuBois and "My Heart at Thy Sweet Voice."

At the reception in the Blum home, the bride's mother wore a navy blue sheer with accessories of navy and white and a corsage of pink carnations.

At the reception for members of immediate families and close friends, the wedding table covered with a lace cloth over yellow and was centered with a three-tier wedding cake.

Hostesses were Mrs. Carl Kelley, Mrs. Edmund Weingart, Mrs. Ray Whitney and Mrs. Edward Blum Jr.

When the couple left for a two-week wedding trip in Southern Indiana, the new Mrs. Brizius wore a navy blue crepe with white accessories and a rosebud corsage.

The bride, a Circleville high school graduate, received her bachelor's degree in music from College of Music, Cincinnati, where she was a member of Sigma Alpha Iota, national professional music fraternity. She received her master's degree from Indiana university. For the last year she has been instructor of music in Mary Hardin Baylor College of Belton, Tex.

## Cleric Raps Promises Made For Security

CLEVELAND, June 26 — An address by Willard L. Thorp, assistant secretary of state, winds up the 10th biennial conference of the General Council of Congregational Christian Churches today.

Thorp is scheduled to discuss the roots of American foreign policy at the Cleveland meeting. Dr. Frederick M. Meek, minister of historic Old South Church, Boston, warned delegates to the conference yesterday that God's biggest rival in the United States today is a growing welfare state. He explained:

"Promises are being made by labor unions and Granges, Chambers of Commerce and manufacturers' associations to take the place of religious promises for the masses."

"In concern for a particular group's welfare, they offer brotherhood, companionship and patterns of happiness for satisfying desires. In the eyes of many, they offer enrichment of life up to the limit of men's every need."

Dr. Meek said Christian leaders will be beaten in today's "spiritual warfare" unless they show as great concern for others as members of secular groups such as Alcoholics Anonymous and labor unions do.

## Autopsy Booked For Man, 63

DELAWARE, June 26 — An autopsy is to be performed today to determine the cause of the death of Thomas L. Stroud, 63, of Bay City, Mich., whose partially-decomposed body was found in a field near here.

Sheriff Earl Fravel said the body was found on the John Howard Law farm yesterday when the farmer's grandson, John, 12, was searching for a stray calf.

The man's body was found leaning against a tree. Fravel said there was no immediate indication of foul play. He theorized that the man had been dead nearly two months.

## Driver Held After Accident

COLUMBUS, June 26—Twenty-five-year-old George Durrell of Columbus faces possible second degree manslaughter charges today as the result of a fatal traffic accident here yesterday.

Durrell's car collided with an auto driven by 18-year-old Eugene Sullivan of Columbus. Young Sullivan was killed and three others were injured.

Police said Durrell was booked on an investigation of second degree manslaughter. According to police, Durrell failed to observe a stop sign.

## 4-H News

Varied activities reported by Pickaway County 4-H clubs include demonstrations, bake sales, community projects and a visit to Ohio State university on "Dairy Day".

Monroe Junior and Senior Stitchette 4-H clubs report two meetings each.

Barbara Storer entertained the club at the first meeting. Suzanne Haller was hostess the second time. Seven Junior members were present at the meeting in the Storer home to witness the demonstration given by Dixie Medors on "How to Make a Pin Cushion." Health and safety check sheets were filled out.

When Suzanne Haller entertained the group all Junior members were present. Bake sale plans were discussed. Two demonstrations were given. Mary Lou Timmons showed "How To Make a Hot Pan Holder." Frances Dobyns explained "How to Sew The Ends of a Tea Towel."

Monroe Senior Stitchettes report health check-ups in Dr. A. D. Blackburn's office. Barbara Storer and Suzanne Haller were also hostesses to Senior club. Plans were formed for a bake sale and picnic, roller skating and swimming party. During the recreational hour members took pictures and rode bicycles.

When Jackson Township Triple S 4-H club met in the school a picnic was planned for June 27 in Gold Cliff Park.

Joanne Judy gave a hem measuring demonstration and Barbara Defenbaugh gave a demonstration on "finishings" at the Wednesday meeting of Salt-creek Senior Stitch and Chatter when the club was entertained in the home of Rosalie Struper.

Fay O'Hare was appointed chairman of Memorial Day flower committee. President Mary Anne Defenbaugh named Mrs. William Defenbaugh to take charge of the sale of Pickaway County Fair tickets.

Refreshments followed the recreational hour.

Jackson Township Jolly Stitches 4-H club voted to help three needy families in the community. Each member will collect clothing and food and bake one

dozen cookies to be brought to the school July 11.

Beginners who finished their first sewing project started on needle books and pin cushions. Second year members who finished luncheon sets began a second project of skirts and dresses.

Charlotte McCloud presided at the meeting when plans were made.

Doris Happenny and Zoedell Riggins served refreshments.

Members of Buttons and Bows 4-H club met in Washington Township School with an attendance of eight Tuesday.

Sewing projects featured the meeting. Shelby and Helen Beavers will be hostesses at the next session.

At a recent meeting of Salt-creek 4-H Livestock club, Carl Reichelderfer, Philip Enoch, Gene Wadlington, Don Maxson, Buddy Moss and Bud Enoch volunteered to help build a loading rack on Pickaway Fairgrounds.

Feature of the meeting was a film showed by County agent, Larry Best on "Farming."

A demonstration on "How to Clip a Dairy Animal" preceded the business meeting when Flying Farmers of Muhlentberg 4-H club met in the home of Margaret and Kenneth Reid.

Paul Conley conducted the session at which plans were made to attend "Dairy Day" on the campus of Ohio State university.

The next meeting is scheduled for July 3 in the home of Larry Martindale.

## Undercover Aides Present During Raid

CLEVELAND, June 26 — Undercover state liquor agents who posed as gamblers will present evidence to the Geauga County grand jury tomorrow against the Pettibone Club, alleged gambling spot in Bainbridge Township.

State Liquor Enforcement Chief Anthony A. Rutkowski said that the agents were at dice tables when fellow agents raided the casino late Saturday night. The liquor chief said that the

men have "physical evidence" of gambling seized before the paraphernalia was hidden as the raiders were smashing their way in.

A party of 25 agents led by Rutkowski used sledge hammers and crow bars to force locked doors at 11:15 p. m. when guards at the doors refused to honor search warrants.

Before the agents could enter the casino, however, a battery of slot machines, portable roulette wheels and other gambling equipment had disappeared, Rutkowski said. The undercover agents, however, gave Rutkowski a picture of the inside of the club before the raid.

# A PICKAWAY COUNTIAN IN DENMARK

BY BETTY JEAN RIDDLE

**Editor's Note:** Miss Betty Riddle, who lives on a Pickaway County farm near Oriole, is spending the Summer in Denmark, one of two youth-Ohiolans studying rural life abroad. The following is the first of a series of letters Miss Riddle is writing for The Circleville Herald.

Hello, Pickaway County! I have arrived in Denmark after 15 hours in the air (she traveled by airplane) and stops in Newfoundland, Iceland, London and Copenhagen. Newfoundland and Iceland are as bare as the books say although Newfoundland has quite a few trees. In London, we were entertained royally. We stayed at the Russell hotel and it was quite strange to wake in the morning and hear horses clopping over the cobblestones and for the chambermaid bring a pot of tea to the room and an eyepener.

**INTERNATIONAL** Harvester took us to the Royal Tournament, a show and display of the army, navy and air corps plus the King's Mounted Guard. They, the King's Guard, have

## Man Offering To Sell Eye To Have Business

MARTINS FERRY, June 26—Martins Ferry man, who asks that he be known only as Mr. X, has offered to sell one of his two eyes for cash with which to save his business. Mr. X said he owes approximately \$4,500 after being victimized by two former business partners. One partner, he claims, "sold" his part of the business by withdrawing from the bank a payment on a \$3,000 note. A new note was signed by Mr. X as part of the deal and now he is the holder of the note and is demanding immediate payment. "I will do anything," said Mr. X, "not to let those fellows get ahead of me and take my business. That's why I am offering my eye for sale."

## Lutheran Parley Debates Merits Of Confession

MILWAUKEE, June 26—A hot debate over the common confession—biggest stumbling block to union of the Missouri Synod of the Lutheran Church and the American Lutheran Church—closed here. The controversy began at an open hearing by a committee scheduled to give the convention resolution either backing or opposing the confession. Its acceptance would pave the way for agreement on basic doctrine and a chance for union of the two groups. Opponents of the confession, led by the Rev. H. D. Manning of Tinley Park, Ill., said it should be rejected because it is "inadequate" and "because of what it does not say." Other pastors called for "an end to this fighting between our churches" and "peace in the name of the Prince of Peace."

all black horses and it is a very beautiful sight to see them perform. Next, we went to the "96," the most exclusive place to eat in London—wonderful food served by excellent waiters in "black tails and white ties."

We also saw Westminster Abbey, Buckingham Palace, London Tower and the crown jewels. The jewels are valued at 30 million pounds and are a dazzling sight.

After looking at one 108-carat diamond, we jokingly decided to come back that night and remove it before it made the guard blind. But, after going back to the hotel, we thought we couldn't even find our way back to the Tower, let alone to the jewels. In Copenhagen, we had dinner and were taken to see "Hamlet" in Kohnborg Castle. It was an excellent rendition.

Thursday, we traveled by ferry and train to the Island of Als. We are near Sonderborg.

**I AM STAYING** with very well-to-do farmers named Iversen. They have all the modern conveniences plus two maids and four hired men.

Mr. Iversen imports corn and has excellent hogs. The 110-acre farm raises barley, oats, wheat, sugar beets for feed and has 1,300 apple trees.

They are treating me as a daughter.

They have two children—a boy 9 and a girl 5.

—Betty Jean Riddle. Miss Riddle can be addressed in care of Harry LeBovitz, Agricultural Attaché, American Embassy, Copenhagen, Denmark. An ordinary airmail letter requires 15 cents postage.

Sonderborg is located in Hadersley, one of Denmark's 22 counties (counties). Hadersley is in southern Denmark which, itself, is the northern part of the peninsula of Jutland bordering on Germany between the North and Baltic Seas. Sonderborg is near the coast where Flensburger Forde and Kleiner Belt meet.

## Bishop Warns Against Dreams

CLEVELAND, June 26—Some 3,000 Methodist ministers and lay delegates conclude their Northeastern Ohio annual conference in Lakeside today.

Bishop Hazen G. Werner told the delegates yesterday that "society cannot be redeemed by dreams alone" and that "we are unworthy to survive unless moral fitness and integrity fire us to a new passion to redeem society."

"We need moral courage and that takes moral integrity. All over the world great populations are lining up either with Communism with its alleged liberties or with Democracy, which believes in the sacredness of persons. Unless the peoples of the world feel in their hearts that we are morally sincere our best efforts to persuade them will fail."

## Deadline Near For Filing Of Bonus Claims

Pickaway County veterans and next of kin of deceased veterans have until Friday to file Ohio Bonus applications.

James P. Shea, local veterans service officer, said his office in Pickaway Courthouse will be open from 7 to 9 p. m. Monday, Tuesday and Friday to handle applications.

He said the office will remain open two hours after the regular 4 p. m. closing time on Wednesday and Thursday.

Shea urged all eligible Ohio World War II veterans and all eligible next of kin of deceased Ohio World War II veterans who have not filed for the Ohio Bonus to do so immediately.

To receive consideration an application for compensation must be postmarked not later than June 30, 1950. The deadline for filing applications is set by the constitutional amendment providing for the payment of the bonus and may only be changed by a vote of the people.

The veteran's aide said, "The veterans whose names appear on the casualty lists of the Army or Navy have not filed for the Ohio bonus."

Eligible next of kin are, surviving husband or wife, child or children, or parents or parent, in the order named. No other next of kin is eligible.

Eligible veterans who have lost their discharge or separation records should file for the bonus immediately and make application for a certificate in lieu of a lost discharge from the branch of service in which they served.

Attention is called to the next of kin of deceased veterans that payment of the Ohio bonus is only made upon application therefor.

## Elinor Williams' Teen Tips

Many a battle rages between high schoolers and their parents on the curfew question and hundreds of letters from 'teen girls to this column ask, "What is a reasonable time for me to come home on date nights? My mother is SO old-fashioned!"

Some parents are undoubtedly unreasonable when they forbid their daughters to have dates until they are 18, when high school days are past and they will have missed so much normal 'teen-time social life, fun and whole-some experience in working, playing and getting along with others. Some parents do this.

But other mothers are merely taking many important factors into consideration when they set date curfews and are trying to protect you in ways that you may not realize. Here are some reasons for a sensible deadline on date nights; you'll be glad later on you observed them now:

1. Trouble—If you stay out after the movie and local soda shop close, there are no places to go except the kind where you can get into trouble possibly through no fault of your own.

2. Your reputation—Girls who stay out late after the "main event" of the evening (movie, dance, etc.) often acquire a "wild girl" tag that sticks, through unwarranted. Boys have more real regard for a girl who is cherished and protected

## School Kids' Needs Mounting

WASHINGTON, June 26—The National Education Association says U. S. youngsters will need \$10 billion worth of new schools and 750,000 more teachers within 10 years.

But the stark isn't entirely to blame.

NEA said the abolition of child labor and compulsory attendance are major factors in swelling enrollments.

enough at home to have and keep sensible dating hours.

3. Your safety—Avoiding too late hours in cars helps you avoid danger from accidents ('teeners aren't always cautious drivers) and from necking. Both easily can lead to serious trouble.

For tips on the easy correct care of oily skin with pimples or blackheads, send a stamped, self-addressed envelope to Elinor Williams at this paper.

## \$1.97 Bushel Wheat Support Price Expected

WASHINGTON, June 26—The Agriculture Department estimates officially that the government will be committed to support the price of 1950 wheat at \$1.97 a bushel—two cents higher than last year.

The department's estimate is based on May 15 parity prices. If the June 15 parity prices are the same as those of a month earlier, the department figures the new loan rate will be \$1.97.

The farm law says that 1950 wheat prices must be figured at 90 percent of mid-June parity. Parity is a formula used to determine fair prices farmers should get for their crops under government programs.

The department believes that this year wheat prices will not drop as much below the price support level as they have in some past years. That belief is based on the fact that the 1950

crop is only about equal to prospective disappearance, or use, of 950 million bushels.

Domestic use of wheat is expected to be about 700 million bushels from the 1950-51 supplies. Exports should total about 250 million bushels. The total 1950 crop is estimated at 945 million bushels.

The carryover, or reserve,

wheat stockpiles on July 1 will be about 450 million bushels.

Total domestic wheat supplies for 1950-51 are estimated, therefore, at one billion, 395 million bushels. On the basis of those figures, the department expects a reserve for next year of about 445 million bushels.

**Style?** Well, take a look—see anything on the road today that is so smart, so sleek, so quickly spotted?

But that's just a start in this beauty. Here you're going to meet the "ride of a lifetime"—smooth, level-going comfort in the quite matchless Buick manner.

Just see why this is so:

Most cars have coil springs in front. Buick has them all around.

Most cars now ride on low-pressure

tires. Buick adds to them *Safety-Ride* rims to cut heel-over and sway.

Most cars drive through the rear springs, which means they have to be stiff. Buick drives through a *firm torque-tube* that takes up driving thrust and roughness.

And no other car—no, not a single one—has all these comfort extras *plus* husky frames *plus* Hi-Poised engine mountings *plus* middle-of-the-car seating *plus* the extra silkiness of Dynaflo Drive.\*

\*Standard on Roadmaster. optional at extra cost on Super and Special models.

Optional equipment, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

Worth something? You bet it is. But it's riding luxury that *doesn't show up in the price tags*. Figures start at levels lower than on many sixes—yet every Buick has this matchless array of ride features.

## TERMITES

Cause damage in excess of fifty million dollars annually for REPAIRS alone. These destructive pests work in secret and may be destroying your property NOW. Have it inspected by an expert and be sure. There is no charge for the inspection, and if your property is not infested they will tell you so. If termites are present you will be SHOWN and a fair price quoted for a treatment which is guaranteed for TEN YEARS.

Many irresponsible amateurs—self-styled "exterminators" and "part time" entomologists offer fantastic "guarantees" and bargain prices, but you owe it to yourself to be SURE you are securing the services of a thoroughly reliable and FINANCIALLY RESPONSIBLE company whose guarantee really has a meaning.

An effective termite treatment must not only eliminate the termites now present in the structure, but also prevent the countless thousands of others, who live in the GROUND outside the house, from returning.

The almost unbelievable cunning of the termite makes the successful treatment of your property a job for those who have the proper equipment and the KNOW HOW. Further, because of the termites tenacity and persistence it is sometimes impossible to completely exterminate them with ONE treatment.

Therefore it is vital that the company doing the job be AVAILABLE later to return, if necessary. Unless you are SURE of this fact you may find yourself with a "Guarantee" but no one STILL IN BUSINESS to MAKE GOOD.

Always remember—a guarantee is only as good as the man who gives it.

We are local representatives of a reputable and FINANCIALLY RESPONSIBLE company who are ACCREDITED MEMBERS OF THE OHIO PEST CONTROL ASSOCIATION.

# Joe Fan Catching Most Balls

## 111 Homers Poked In Last 37 Games

NEW YORK, June 26 — Joe Fan has become an active baseball game participant in this jet-age. He has been on the catching end of too many a ball, especially in the last four days.

A total of 111 homers have been poked into the stands in the last 37 major league games. This represents the highest total in the history of the sport.

The four-base parade saw 31 clouts walloped yesterday. At the end of the slugging day the Detroit Tigers were leading the American League by three games and the Brooklyn Dodgers had a half game lead in the National League.

The Tigers made it three out of four over the World Champion New York Yankees by splitting with the Bombers. The Yankees took the first game, 8 to 2, for Ed Lopat's ninth win. Joe DiMaggio and Hank Bauer homered for the Yanks and Vic Wertz got one for the Penglans.

In the second game, a three-run homer by Hoot Evers gave the Tigers a 6 to 3 victory. Tommy Henrich poked one for New York.

A total of nine homers was hit during a Cleveland-Washington even break. The Indians won the first game 7 to 6 and the Senators took the nightcap, 5 to 3. Larry Doby hit two homers as did Ray Boone, and Early Wynn and Al Rosen got one apiece for Cleveland. Rosen's, a grand slammer in the opening game, was his nineteenth. All the Tribe's runs for the day came as a result of four-baggers.

Sam Mele, Mickey Vernon and Irv Noren homered for the Nats.

**ANOTHER SPLIT** was recorded by the Philadelphia Athletics and the Chicago White Sox. The Pale Hose won the first game, 7 to 6, and the A's took the finale, 13 to 4. Homers in this twin bill were registered by Eddie Joost, who hit two, and Sam Chapman for the A's and Gus Zernial of the White Sox.

Boston's Red Sox made it four straight by defeating the St. Louis Browns twice, 11 to 5 and 8 to 2. Only homer of the day was whacked by Boston's Walt Drope.

Ralph Kiner had a field day against the Brooklyn Dodgers. Kiner hit for the cycle and then some with a pair of homers (to give him 18) a single, double and a triple for eight runs batted in as he faced the Pittsburgh Pirates to a 16 to 11 win over the Brooks.

Pittsburgh slammed seven Brooklyn pitchers for 20 hits. Ted Beard also hit a round-tripper for the Bucs and Gil Hodges got one for the Dodgers.

A seven-run inning gave the Chicago Cubs an 11 to 8 first game win over Philadelphia so the Phils came back to win the afterpiece with a run in the ninth that gave Robin Roberts his ninth triumph, 2 to 1.

Hank Sauer was Chicago's big gun in the first game with two homers and two doubles. Phil Cavaretta and Roy Smalley also had Chicago homeruns.

# Only 29 Points Space Top 4 Rifle Teams

Pickaway County Rifle and Pistol Club sharpshooters ranked fourth in a recent Central Ohio Rifle League meet in Chillicothe.

The local shooters marked a total of 3,155 in the match while Tri-County shooters copped the match with a total of 3,173. Zanesville was second with 3,158 while Columbus ranked just ahead of Circleville with 3,157.

M. E. Thornton paced the Circleville team in scoring during the match, shooting a 398 out of a possible 400 in the iron sights division. Second was A. C. Noecker with a 397 in the same division.

After three CORL matches to date, the four top teams are separated only by a narrow 29 points. The winning Tri-County aggregation entered 17 shooters, some from Chillicothe, in the match to hold its lead.

Circleville will play host to the next CORL shoot, scheduled to be held July 9 in Pickaway County Fairgrounds.

# Boyer '9' Wins In Extra Inning

Boyers softball team posted an 8-6 extra-inning victory Saturday over the host Chillicothe Tabernacle Baptist softball team.

The score was tied at 6-all in the seventh frame—Chillicothe scored six in the first inning but was held scoreless for the remainder of the game—while the locals iced the match with a two-run spree in the eighth.

# Junior Legion Is Rained Out

Circleville American Legion junior baseball team was rained out of its tournament contest in Ironton Sunday.

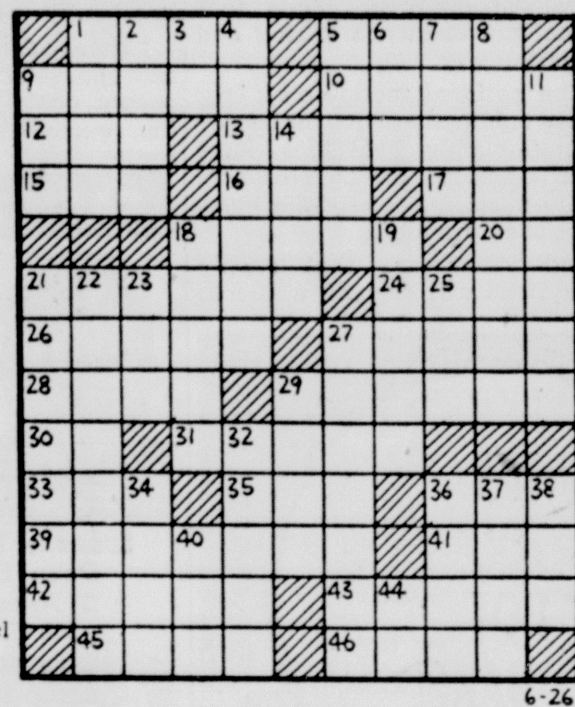

The local juniors will meet Hillsboro Legion juniors there at about 7:30 p. m. Wednesday and will travel to Ironton next Sunday to make up the tourney encounter.

the bases loaded won the nightcap for the second place Phils. The staggering St. Louis Cardinals were blanked, 4 to 0, by Vern Bickford and the Boston Braves. Bickford doled out a small portion consisting of only five hits and there were no homers in the game.

Cincinnati's Reds slammed the New York Giants 6 to 3 and 6 to 4. Ewell Blackwell was the first game winner and three homers paced the Redlegs second game victory. Ted Kluszewski, Johnny Wyrostek and Johnny Pramesa delivered the blows. Hank Thompson collared one for New York.

# Marion Heading For Star Berth

CHICAGO, June 26 — Marty Marion, the St. Louis Cardinal's shortstop, surged into the lead today for the National League's starting shortstop job in the All-Star baseball poll.

He passed Peeewe Reese of the Brooklyn Dodgers. The July 11 classic will be played in Chicago's Comiskey Park. Voting in the poll ends at midnight Saturday.

Marion has 334,947 votes in the latest tabulations compared with 331,604 for Reese.

George Kell, Detroit third baseman, is still the highest individual vote-getter with 469,672 votes. In second place is Brooklyn's Jackie Robinson with 458,893 followed by Stan Musial, of the Cards, with 447,318, and Ted Williams, Boston Red Sox, 442,556.

# B-W Jackets Top Tracksters

PHILO, June 26—The Baldwin-Wallace Yellow Jackets are the kings of the Ohio track today.

The Jackets placed six men on the 28-man team selected by the Ohio Association of Track Coaches.

Ed Barker, association secretary, also announced that B-W Coach Eddie Finnigan was picked as a co-coach of the All-Ohio team along with George L. Rider of Miami university.

# No Softball Card Reported

Circleville Top Hat softballers were rained out of a twin bill against Lancaster Glassers here Saturday.

Next game on the schedule for the locals is slated for next Saturday in Ted Lewis Park against Bremen.

Meanwhile, no schedule for this week has been announced by the Circleville Night Softball League officials.

# Injuries Leave Wimbledon Net Test Wide Open

WIMBLEDON, Eng., June 26 —The 64th Wimbledon lawn tennis championships got underway today and the presence of old man injury assured a free-for-all for the coveted men's singles title.

Two of the top favorites were ailing and a third, Bill Talbot of New York, wasn't expected to be

able to stand the long Wimbledon grind.

Top-seeded Frank Sedgman of Australia has a sprained right wrist and had difficulty competing in the London championships last week. He lost out to San Francisco's Art Larsen in the semifinals.

Jaroslav Drobny, runner up last year to Absent Champion Ted Schroeder, is suffering from a back ailment which has kept his practice sessions at a minimum.

Talbot, who heads the list of seven seeded Americans, is rated the No. 2 man in the tourney,

but the 31-year-old New Yorker is ill and has faltered in the final stages due to lack of strength.

Billy was slated to meet Norman Kitovitz of England in today's opening round.

Sixty-four matches were scheduled for the initial round which will cut the starting field of 128 in half.

# Wittenberg Taps Ness As Coach

SPRINGFIELD, June 26 — Ralph E. Ness, head football

coach and athletic director at Cleveland's Lakewood high school, will assume similar duties in the Fall at Wittenberg college.

A top grid mentor for 14 years, Ness has been Lakewood's athletic head for five.

The veteran high school coach succeeds John B. Van Why as athletic director and Harold L. Shields as football coach.

Ness captained the 1923 Wittenberg football squad. Last year he was president of the Ohio High School Football Coaches Association and head coach of the Northern Ohio All-Star team.

# Marion Heading For Star Berth

CHICAGO, June 26 — Marty Marion, the St. Louis Cardinal's shortstop, surged into the lead today for the National League's starting shortstop job in the All-Star baseball poll.

He passed Peevée Reese of the Brooklyn Dodgers. The July 11 classic will be played in Chicago's Comiskey Park. Voting in the poll ends at midnight Saturday.

Marion has 334,947 votes in the latest tabulations compared with 331,604 for Reese.

George Kell, Detroit third baseman, is still the highest individual vote-getter with 469,672 votes. In second place is Brooklyn's Jackie Robinson with 458,893 followed by Stan Musial, of the Cards, with 447,318, and Ted Williams, Boston Red Sox, 442,556.

# B-W Jackets Top Tracksters

PHILO, June 26—The Baldwin-Wallace Yellow Jackets are the kingspin of the Ohio track today. The Jackets placed six men on the 28-man team selected by the Ohio Association of Track Coaches.

Ed Barker, association secretary, also announced that B-W Coach Eddie Finnigan was picked as a co-coach of the All-Ohio team along with George L. Rider of Miami university.

# No Softball Card Reported

Circleville Top Hat softballers were rained out of a twin bill against Lancaster Glassers here Saturday.

Next game on the schedule for the locals is slated for next Saturday in Ted Lewis Park against Bremen.

Meanwhile, no schedule for this week has been announced by the Circleville Night Softball League officials.

# Injuries Leave Wimbledon Net Test Wide Open

WIMBLEDON, Eng., June 26 —The 64th Wimbledon lawn tennis championships got underway today and the presence of old man injury assured a free-for-all for the coveted men's singles title.

Two of the top favorites were ailing and a third, Bill Talbert of New York, wasn't expected to be

able to stand the long Wimbledon grind.

Top-seeded Frank Sedgman of Australia has a sprained right wrist and had difficulty competing in the London championships last week. He lost out to San Francisco's Art Larsen in the semifinals.

Jaroslav Drobný, runner up last year to Absent Champion Ted Schroeder, is suffering from a back ailment which has kept his practice sessions at a minimum.

Talbert, who heads the list of seven seeded Americans, is rated the No. 2 man in the tourney,

but the 31-year-old New Yorker is ill and has faltered in the final stages due to lack of strength.

Billy was slated to meet Norman Kitovitz of England in today's opening round.

Sixty-four matches were scheduled for the initial round which will cut the starting field of 128 in half.

# Wittenberg Taps Ness As Coach

SPRINGFIELD, June 26 — Ralph E. Ness, head football

coach and athletic director at Cleveland's Lakewood high school, will assume similar duties in the Fall at Wittenberg college.

A top grid mentor for 14 years, Ness has been Lakewood's athletic head for five.

The veteran high school coach succeeds John B. Van Why as athletic director and Harold L. Shields as football coach. Ness captained the 1923 Wittenberg football squad. Last year he was president of the Ohio High School Football Coaches Association and head coach of the Northern Ohio All-Star team.

# Stock-Feeding Standards May Be Headed For Scrapheap

## New Drugs May Change Practices

Best Says Science Seeking Answers

The development of such new drugs as aureomycin, streptomycin and terramycin has opened new horizons in animal nutrition.

As a result, according to Larry A. Best, Pickaway County agricultural agent, many stock-feeding and nutrition standards may be headed for the scrapheap.

A typical case is that of Dr. T. J. Cunha, a swine nutrition worker at the Florida agricultural experiment station.

Cunha stumbled onto this antibiotic feeding idea while working with an animal protein factor (APF) supplement made from the fermentation processes used in the manufacture of aureomycin.

An antibiotic drug is one which stifles the life processes of germs so patients can get well. Until now, aureomycin and other antibiotics have been for medical and veterinary use.

THE PARTICULAR form of APF fed by Cunha seemed to do more than some of the others, such as pure Vitamin B-12. He wondered why, guessing that a trace of aureomycin might be left in the APF, and that this residue might be turning the trick.

Tests were begun with aureomycin to see if his hunch was correct. It was found that hogs getting a ration of corn, peanut meal, minerals (including trace) and all the vitamins known to be needed by a pig gained three-fourths of a pound per day. Hogs getting the same ration with aureomycin added gained 1.69 pounds daily, more than twice as much.

This dry-lot test with pigs weighing 35 pounds lasted 54 days. The aureomycin pigs averaged 126.75 pounds of weight at the end of the test, compared to 80.5 for the pigs without aureomycin.

The pigs getting aureomycin ate only 289 pounds of feed per 100 pounds of gain, compared

with 468 pounds of feed for those without the drug.

Other swine nutrition experts are reporting similar findings, although none quite so great as the Florida experiment.

The Michigan Agricultural Experiment station has found that chicks respond to antibiotics almost as well as pigs. With special vitamins added to rations, one test.

The experts say it is too early to know which of the antibiotics is best from a nutritional point of view. They all seem to rate about the same, according to early signs.

DR. W. N. McMILLEN, swine nutritionist at Michigan State college, points out several questions to be answered in future research. These include:

Are the B-vitamins and B-12 necessary along with the antibiotics? Which vitamins are important? What will be the long-time effect on reproduction, the carcass and length of life? How far will feed combinations containing antibiotics go toward preventing disease? Will the harmful bacteria in the intestine grow more resistant to a low level antibiotic, just as flies developed resistance to DDT?

Already there is a wild scramble to find the answers, both in public institutions and commercial laboratories, Best reported.

## Switchmen Idle 4 Of Nation's Big Railroads

CHICAGO, June 26—Four of the nation's railroads are crippled today by a strike of more than 4,000 switchmen who walked out to enforce demands for a shorter work-week without pay reductions.

A fifth railroad, the Great Northern, maintained at least partial service over its tracks. Only 60 switchmen employed by the line are members of the striking AFL Switchmen's Union of North America.

The Western and Midwestern carriers idled by the strike are the Chicago, Rock Island and Pacific, the Chicago Great Western, Western Pacific and the Denver and Rio Grande Western.

The walkout—at 6 a. m. local standard time yesterday—pulled an estimated 4,100 switchmen away from their jobs.

Union officials claimed the

walkout is "almost 100 percent effective."

Their strike snarled 21,000 miles of track spreading from the Midwest to the Pacific Coast.

Spokesmen estimated that about 66,000 other railroad employees will be idled by the walkout, designed to enforce switchmen's demands for cutbacks in their work-weeks from 48 to 40 hours without a pay reduction.

Railroad officials said the union's demand would amount to 31-cent hourly wage hikes for the switchmen.

## Steel Lack Hampers Metal Working Art

CLEVELAND, June 26—Magazine Steel declared today that the steel shortage is increasingly hampering metalworking conditions, especially in plants that came into existence during and since the war.

The national metalworking trade publication said that some manufacturing schedules have been curtailed for lack of adequate supplies, chiefly the light, flat-rolled products.

Indications are that supply conditions will become worse as

the Summer advances, said steel, and vacation finished steel production losses will force additional shipment deferments and allotment cuts.

Since steel consuming plants which came into being the last 10 years lack long-established mill connections, they have no dependable sources of supply and will be hard-hit by the shortage, according to the publication.

"There seems little chance for any appreciable improvement in supply conditions before fall at the earliest," Steel reported.

## Steel Lack Hampers Metal Working Art

CLEVELAND, June 26—Magazine Steel declared today that the steel shortage is increasingly hampering metalworking conditions, especially in plants that came into existence during and since the war.

The national metalworking trade publication said that some manufacturing schedules have been curtailed for lack of adequate supplies, chiefly the light, flat-rolled products.

Indications are that supply conditions will become worse as the Summer advances, said steel, and vacation finished steel production losses will force additional shipment deferments and allotment cuts.

Since steel consuming plants which came into being the last 10 years lack long-established mill connections, they have no dependable sources of supply and will be hard-hit by the shortage, according to the publication.

"There seems little chance for any appreciable improvement in supply conditions before fall at the earliest," Steel reported.
